

Vacant position

August 2018

Commercial Manager

- Full time position based in Deniliquin, where the country lifestyle is second to none
- Flexible family friendly working conditions
- Fast paced, challenging and highly rewarding role

The position

This position requires you to perform at a highly experienced Management Accountant level working with large volume budgets. Budget management, forecasting, restructuring finance reserves, conducting business analysis to support initiatives, managing investment portfolio and providing recommendations as well as other commercial duties will be the dominant part of this role.

This role will also require you to oversee the establishment and implementation of a robust procurement and contractor management system into Murray Irrigation. It is expected we will see benefits such as greater value for money from our suppliers, corporate risk effectively managed and a streamlined, user friendly process.

The perfect candidate

To be successful in this role you will have extensive experience in management accounting / business analysis backed by a relevant degree, expertise in procurement practices with a thorough understanding of contract law and exemplary communication and stakeholder engagement skills.

Demonstrated ability in problem-solving, managing priorities, strong analytical skills and ability to consult and collaborate with management and board on relevant related matters will also be highly regarded.

What we can offer you

- Highly attractive remuneration package including incentive programs to reward performance
- Opportunity to build on your professional career working alongside a dedicated and professional management team
- Work perks such as supported study opportunities, health and wellbeing programs, purchased annual leave and remote area salary packaging
- Flexible working opportunities, work a couple of days from home!

How to apply

Further enquiries can be made with Suni Campbell on 1300 138 265.

Applicants can obtain a Role Statement from our website. To apply please submit an application letter addressing the essential selection criteria in the role statement along with a current resume via our website www.murrayirrigation.com.au

Closing date

Sunday 16 September 2018.
