

Vacant position

November 2018

Accountant

- Ongoing full-time role
- Attractive salary, performance incentives and 'work perks' on offer
- Based in Deniliquin, Riverina NSW where our country lifestyle is second to none

The position

The role of Accountant is integral in effectively supporting the financial operations of Murray Irrigation and assisting the finance team in maintaining its vision as a key service provider for the business.

This essential role will see you fulfil departmental objectives and tasks in a timely manner ensuring all statutory obligations are achieved. You will also be responsible for the key balance sheet and profit/loss reconciliations.

The perfect candidate

You will be degree qualified in Business Management, Accounting, Commerce or related discipline. Advanced computer skills in excel are essential, along with experience working with accounting software packages and fixed assets accounting systems.

Certification by the Institute of Chartered Accountants or the Australian Society of Certified Practising Accountants would be highly regarded but not essential.

What we can offer you

- An attractive remuneration package including incentive programs to reward performance
- Opportunity to build on your career working alongside a dedicated and professional team
- Work perks such as supported study opportunities, health and wellbeing programs, purchased annual leave and remote area salary packaging options

How to apply

Further enquiries can be made with Vicki Holloway on 1300 138 265.

Applicants can obtain a Role Statement through the 'Careers' portal on our website.
