

## Permanent Water Contact Register

Murray Irrigation maintains a contact register of potential buyers and sellers of shares, water entitlements and/or delivery entitlements, as a service to customers therefore this service is not available to Brokers. Murray Irrigation will not be involved in any negotiation between seller and buyer, rather this service simply puts the two parties in contact.

The sale of shares, water entitlements and/or delivery entitlements involves the creation of a contractual arrangement between the two parties with significant responsibilities. Such transactions also potentially have stamp duty and taxation consequences. As such Murray Irrigation recommends that customers discuss any potential transaction with their financial, business, and/or legal advisers.

This contact register is displayed on Murray Irrigation's website at [www.murrayirrigation.com.au](http://www.murrayirrigation.com.au), under Water > Permanent Trade. Contact details of entries listed in the register are released upon request. Names and contact details are not published on the website.

An entry will remain on the contact register for a period of three (3) months. Any listing over three months old is automatically removed.

If you wish to make a listing on the contact register, please complete the section below and return to Murray Irrigation, attention Permanent Trade, PO Box 528 DENILIKUIN NSW 2710. Alternatively you may return by email to [register@murrayirrigation.com.au](mailto:register@murrayirrigation.com.au)
