

Vacant position

July 2022

Murray Irrigation is currently recruiting within the Customer Operations department. Our department is focused on enabling a seamless customer experience and provides applicants an opportunity to be part of an environment that is fast paced, varied and focussed on achieving outcomes for customers and the company.

Customer Accounts Officer

2 x full-time ongoing position, based in Deniliquin

The Customer Accounts Officer will be highly focused on building relationships to drive proactive engagement with customers.

This role will require you to manage complex customer enquiries while providing excellent service in line with the company's systems.

Working as a team you will deliver strategic outcomes through positive engagement while assisting customers with improving business performance.

The perfect candidate

You will need to be self-driven and outcome focused with the ability to build strong relationships with customers. You will possess excellent problem-solving skills, enjoy a challenge and thrive in a agile environment. You will seek continuous improvement to service delivery and be an effective communicator whose engagement activities will lead to high levels of customer satisfaction with Murray Irrigation.

How to apply

You will need to obtain a role statement before applying.

Please contact Joshua Bode on T 1300 138 265 or customersupport@murrayirrigation.com.au to obtain a position description or to make further enquiries.

To apply, please submit an application letter addressing the selection criteria along with a current resume to recruitment@murrayirrigation.com.au

Closing date

5 August 2022
