RFCS is a free service, supported by the Australian Government through the Department of Agriculture.

An RFC can meet with you at your property to assist you to make decisions regarding your financial situation. You can have as much or as little contact with RFCS that meets your needs.

We are bound by strict confidentiality agreements and will only discuss your details with those you give permission for.

Some of the programs that may be available to you include:

- Transport Subsidy
- Animal Welfare Transport Assistance
- Drought Assistance Fund
- Farm Household Allowance
- Drought Loans
- Farm Innovation Fund
- Emergency Water Infrastructure Rebate Scheme

Even if you have looked at programs before, your eligibility may have changed or RFCS may know of other ways to achieve your goals and work with you to obtain ongoing business and financial stability.

With our current climate placing long term strain on farmers and their families within the region, we encourage you to make contact with RFCS to determine the level of assistance they may be able to provide.
