Murray Irrigation

## Thousands injected into local communities

Murray Irrigation has opened its Sponsorship Program for 2021/22, with \$30,000 up for grabs for initiatives and projects that support healthy, viable and vibrant local communities.

Phillip Endley, Chief Executive Officer of Murray Irrigation, said he is encouraging organisations in the company's area of operations to apply for sponsorship.

"Financial and in-kind support is available, with the programs aim to enhance, promote and embed safety and wellbeing in local communities. We want to support projects and activities that align with Murray Irrigation's core values, goals and strategic direction".

"Through last year's sponsorship program, we were really able to give back to our local communities and supported worthwhile programs and initiatives. Last year's support ranged from focusing on men's health, active senior programs, and helping kids learn to swim". Phil said.

Applications for the 2021/22 Sponsorship Program will close on Friday, 14 May 2021. For an application pack, and to read more about our Sponsorship Program and previous successful applicants, head to our website at [murrayirrigation.com.au](http://murrayirrigation.com.au) > Company > Giving Back.
