Quarterly Invoices

June 20/21 fourth quarter invoices were issued on customer accounts last week. Customer's accounts were also updated with the:

- March 2021 Water NSW Rebate
- an adjustment (credit) for Government pass-through water usage charges for each quarter in the 2020/21 season.

Customers with email correspondence should view the *second* account statement for the most current balance of their account.

We apologise for the confusion some customers may have experienced.

Postal delivery customers will receive a single statement in the coming days.

More information regarding our invoicing is available in this [FAQ](#).

Advocacy Meetings

Murray Irrigation plans to host small meetings to provide updates to shareholders on our advocacy activities.

We are seeking interest from shareholders to participate or host these meetings across our footprint; we will communicate our intended dates for these as they are determined.

The meetings will bring together key personnel involved in the company's advocacy efforts, including Phil Endley (CEO), Michael Pisasale (Policy Manager), and Gabrielle Cusack (Executive General Manager of Stakeholder Engagement).

Directors have been invited to attend the meetings.

Each meeting will be subject to any health restrictions at the time.

Planning for Supplementary Event

Planning continues with Water NSW for a potential Supplementary Event, as shared in our [Customer Update](#) on Friday, 16 July 2021.

Customers have provided us with their early irrigation intentions which will inform our priorities should the event occur.

Customers are reminded that the transition out of Winter Operating Mode requires us to establish channel operating heights prior to delivery.
