Irrigation Intentions Survey

To support your Spring and Summer irrigation programs, we are again seeking your help by completing a short Irrigation Intentions survey.

Customers with numerous outlets in known areas of high demand will be called directly to complete the survey over the next week. Other customers will have received an SMS message with a link to the survey.

The information the survey provides is extremely valuable in assisting us to operate the system efficiently by:

- Allowing prioritised planning of channel maintenance including weed management and desilting works
- Understanding expected flow demand to manage any potential restrictions

Customers that received the SMS are requested to complete the survey by Sunday, 12 September 2021.

Customer Operations staff can also assist you in completing the survey. Please call 1300 138 265.

General Security Allocations

Murray Irrigation continues to pursue the NSW DPIE to understand why farmers do not have a higher general security allocation following last week's disappointing Water Allocation Statement.

We have highlighted that our region is coming up to planting decisions with an anticipated bumper season and expressed our concern and frustration with the previous statement. We have requested more information in next week's Water Allocation Statement about current seasonal conditions.

Supplementary Event

DPIE has announced a supplementary water event for the Mulwala and

Wakool Offtake commencing today 7 September until 14 September 2021.

Customers wishing to take advantage of this event are requested to place their orders directly into the water ordering system.

Due to very high demand experienced today the system may offer you a later date than expected. If this occurs, we request that you either lodge an unsatisfied order or send a message via the water ordering system to request a different start date. Yesterday's Customer Update can be viewed [here](#).

Member Director Election

Murray Irrigation Member Director Election closes Wednesday 22 September @ 9am. Shareholder election voting material was mailed on Thursday 26 August from a NSW mailing house. If you have any concerns about the arrival time of your voting material, please contact Vero Voting on 1300 702 898.

Domestic Deemed Usage Credit

Murray Irrigation is offering a 2ML water allocation credit for unused stock and domestic pipe outlets for the 2021/22 season.

Application forms are available [here](#) and must be returned to Customer Operations by **5.00pm on Thursday, 30 September 2021**.

Contact Customer Operations for a copy of the form, or with any queries.

Regional Telecommunications Review

The Australian Government is conducting a review of regional telecommunications.

This is your opportunity to provide feedback about your experiences with telecommunications for businesses, organisations and families in regional, remote and rural communities. Submissions close 30 September 2021. Submissions can be made [here](#).

June 2021 Quarterly Invoices are now overdue

To discuss payment arrangement options, please call 1300 138 265.
