High demand and water orders

With an extremely busy season for water deliveries anticipated, it is imperative that customers place orders as early as possible to guarantee supply dates. The high demand will generate delivery constraints in some parts of the system with the need to apply restrictions to water orders based on flow shares. Please be aware:

- 4 days' notice will be required to guarantee supply dates
- Flow rate restrictions will be applied once all customers on a system have waited 4 days for delivery
- Continue to place your orders directly into the online water ordering system
- You may be offered a later date than expected when ordering water.
- If this occurs, we request that you lodge an unsatisfied order or send a message via the water ordering system with your requested start date
- You will be contacted to be advised the earliest available start time, however, due to demand, early delivery is highly unlikely.

Some localised restrictions are already occurring and are expected to continue as demand increases. Please contact Customer Operations if you have any concerns.

Murray Irrigation AGM 2021

Murray Irrigation's 2021 Annual General Meeting will be held face to face on Thursday 28 October 2021, at the Deniliquin RSL Club, 72 End St Deniliquin. Registration will be open from 10am, with the meeting commencing at 10.30am.

If you are not able to attend the meeting you can appoint a proxy to attend on your behalf. Proxy forms are located on the Murray Irrigation website [here](#).

Numbers are limited and registering to attend the meeting is essential. To register please contact Customer Operations on T 1300 138 265 or email companysecretary@murrayirrigation.com.au To attend the meeting shareholders

must comply with NSW Government COVID-19 rules, including the requirement to be fully vaccinated. Further information can be found [here](#). The Company will monitor advice provided by the NSW Government Health Orders and Restrictions and will inform members if circumstances change preventing a physical meeting. For further information please visit the Murray Irrigation website [here](#).

Resource Distribution

Murray Irrigation anticipates that improvements to NSW Murray general security allocations should occur soon and have committed to delivering a 3% Resource Distribution when allocations reach 100%. Further information will be provided accordingly.
