

Customer Portal – Maintenance

Some customers may be experiencing difficulty adjusting operating orders within the customer portal.

The error has been detected in some outlets which have been affected by recent flow restrictions. The MIL IT department are working closely with our service provider, Rubicon, On a solution. If you are unable to alter orders as normal, please contact Customer Support for assistance on 1300 138 265.

Thank you for your patience as we work to fix this issue as soon as possible.

Funded Drone training & Accreditation

Last call for farmers to attend a fully funded 1 day course in Drone training and accreditation.

Deniliquin has 4 remaining spots, and 12 remaining positions in Mulwala.

Units of competency

- AHCMOM311 - Operate precision control technology
- AVIW0028 - Operate and manage remote pilot aircraft systems

Click [here](#) for more information and how to register your interest.

Report storm damage

DPI are seeking feedback from those affected by recent storms across the Riverina. This source of “ground truth” information helps the Government and communities understand the scale and regional distribution of the impact of a disaster on agriculture and target resources and assistance in an area. Submit [here](#)

Information share - Apps & Websites

No one knows better than our farmers where to go for valuable information that supports their business.

Here are a couple recommended by our customers.

WaterLive This App provides you with access to real-time information from automatic digital devices from over 1,300 water monitoring sites throughout NSW. Information includes stream, storage or groundwater levels, stream-flows, storage volumes, water temperatures, rainfall and water quality. App can be found [here](#).

Field Margin – Website

Easy-to-use farm management software that is flexible enough to record everything that happens on your property. Farm Mapping, planning crop rotations, sharing info with contractors. Click [here](#) for more information.
